

STOmics

Revealing TRUE Nanoscale Resolution to Answer Your **Spatial-transcriptomics** Questions with STOmics

- ✓ Centimeter-scale field of view
- ✓ Nanoscale high resolution
- ✓ Subcellular spatial localization biomolecules
- ✓ Multiplex Immunofluorescence on slide
- ✓ Support a wide range of tissue types

Development and regeneration of axoloti telencephalon.

NGS Platform for STOmics

DNBSEQ-T7RS

Ultra High-throughput Sequencer

For PE 150 **4 FC** | **7 TB** | **24 H** | **Q30 ≥ 85%**
